

UNDATED

The Clarity Planner

Monthly • Weekly • Daily • Notes • Lists • Goals

Tap anywhere on the Index page to begin

Designed for GoodNotes • Notability • Noteshef • iPad & Android tablets

You're holding a fully interactive digital planner.

1. Tap the Index tab any time to jump straight to any section.
2. Every month links directly to its own weekly planning page.
3. Write directly on the page using your stylus, or type using text boxes in your app.
4. Duplicate any page inside your app (long-press Duplicate) if you need more copies — e.g. extra weekly or notes pages.
5. This planner is undated by design, so you can start on any day, in any month, in any year.
6. For best results, import the PDF into GoodNotes or Notability rather than viewing it in a plain PDF reader, so the hyperlinks stay tappable.
